Sl. No. 1. letter No. B3/36/GFL/1191/70-71 dated 1.8.70 of the C.C.F. B'lur.

Note. 1.

(i) The C.C.F has recommended to regularise, the lease of 10 acres of land granted to Sri K. G. Haldipur, in F.S. No. 4 of Geingenhal, in Kakti Range, Khanapur TS, Belgaum Dist.

(ii) The said area was granted on Hangami Lagan Basis, renewable year after year, from 1965 onwards. It is stated that the lessee has developed the land spending heavy amount and requests for grant on permanent basis as he is seeking financial help to develop the area.

(iii) As the lessee has entirely brought the land under cultivation by spending heavy amount, we may agree with the proposal of C.C.F. A draft G.O. is put up for approval

(i) P4 ff

(ii) It has been pointed out in another file on a similar case, whether it would be proper if land granted on HL basis ~~proposed~~ proposed to be granted to the party instead of renewing it for afforestation purposes

Note 2

(1) This is a case similar to several other cases of H.L. recommended for eventual grant or permanent lease - the only distinction being that the H.L. lessee in this case is now a retd forest officer, but was in service, and was working as an Asst. Conservator of Forest @ the time of obtaining the forest land on lease in the year 1965. He was working in the same area, in which the land is situated. He has otherwise used his official position in obtaining the land on lease. Although there is nothing wrong in obtaining a piece of land on lease, preparatory to post retirement settling, yet there is scope to suspect the misuse of the official position. It is surprising as to how the then CCF granted the lease in favour of an officer serving in the same Deptt. & in the same area of his jurisdiction. (5

(2) The recommendation of the CCF. is on the grounds of the lessee having invested considerable amount on improving / developing the land, and his being landless. After retirement, the officer is no doubt entitled to acquire land for agricultural purposes, but the point for consideration is whether he is eligible to acquire Govt. land under the land grant Rules. (6

AFD. 300. FG 170.

His eligibility can be determined by the RD, in view of the priority fixed for various categories of landless persons, after the land is surrendered to RD.

7) (3) - the main point for consideration is whether, the land in question can be disforested as recommended by the CCF, and on doing so, whether the applicant - not officer - is sure to get it. In my opinion, granting such land to a not. officer of the Dept. will evoke adverse criticism besides creating a precedent. It is not desirable to encourage such planned acts to acquire cert. lands. - the CCF's proposal may be rejected.

Note 3

8) The sanction of lease of 10 acres of forest land to an Official of the Deptt while he was still in service (in 1965) appears to be highly irregular. We may ask CCF to explain how the lease was granted in this case & whether the grant was permissible under the rules. CCF may also be requested not to renew the lease after expiry of the present lease without specific prior approval of Govt.

NOTE. 15

27) In this case 10 acres of land in forest survey No.4 of Gangenhal, Kakti Range, was leased for a period of 3 years in the first instance as per the orders of the Chief Conservator of Forests, Mysore, dated 27-4-1965, to Sri K.G.Haldipur who was then Divisional Forest Officer working in the area where the leased land was situated. Sri Haldipur has since retired on 31-3-1970. The period of the lease was again extended for one year upto 24-7-1969 by the Chief Conservator of Forests. In his letter dated 1-8-1970 at Sl.No.1 page 3, the Chief Conservator of Forests has addressed Government recommending that these 10 acres of land may be disforested and granted to Sri Haldipur, as it was stated that the lessee had developed the area and brought it under cultivation after spending a considerable amount on improvement.

Secy., A. & R.

16/9/70

28 2. It was felt that the sanction of a lease of 10 acres of forest land to an official of the Forest department while he was still in service was highly irregular. The C.C.F. who was asked for a report in the matter has stated in his letter dated 26-9-1970, at Sl.No.4 -Page-7 CF. that the grant of lands to persons while in service is permissible as per Government Order No.RD 142 LAD 60 dated 21-12-1960 (Page 10 CF) (It needs to be pointed out that the Circular applies to lands granted under Land Grant Rules). He further stated that a considerable area of such land already stood leased out to a large number of persons in the Belgaum, and Kanara Circles, on Hangami Lagan basis; that they had invested money on developing the area; and that it would be difficult now not to renew or permanently assign these lands.

29 3. The Chief Conservator of Forests was asked to furnish the details relating to the Hangami Lagan System, and his letter dated 9-7-1971 (Sl.No.10) with its enclosures may be seen. The provisions of the Bombay Forest Manual, Vol.II Article 329 may also be seen.

30 4. Article 329 of the Bombay Forest Manual Vol.II deals with the giving of forest land for cultivation or in forest settlement. It deals with both lease and grant of forest lands. It states that the Forest Department may give out the land in its charge on a temporary basis for cultivation, for the purpose of Forest Conservancy, but the forest land shall be disafforested and then surrendered to the Revenue department, if the officers of both the forest and revenue department are satisfied that:-

31 (1) The land is required for permanent cultivation; and
(2) the disafforestment does not tend to the honey-combing of the forest area or to the creation of awkward boundaries.

32 5. The enclosures to the C.C.F's letter at Sl.No.10 may be seen i.e., the copies of the Government of Bombay references

p.t.o.

dated 6-5-1946, 11-10-1950, 8-7-1954. They deal with the lease of forest lands for cultivation of food crops on Agri-Silvi basis i.e., cultivation permitted in wide strips between rows of forest trees, intended for regeneration of these forest areas and their gradual afforestation. Kanara District is however excluded from applicability of the final G.O. dated 8-7-1954 which supersedes the first two.

6. The only order of the Government of Mysore in this connection is No.AFD 115 FGL 65 dated 30-11-1965 (also enclosed) which authorises the C.C.F. to release small patches of cultivable land purely as a temporary measure to grow food crops, ensuring that no squatting takes place on the land allotted. There is no specific reference to the term "Hangami Lagan" as such in either the Manual or any G.O. Hangami Lagan literally means a seasonal lease, i.e., a temporary lease. Under Article 329 of the Bombay Manual quoted above, such temporary leases are to be given only for the purpose of forest conservancy. It will have to be ensured that this purpose is strictly enforced when considering such cases. The second portion of Article 329 of the Bombay Manual relates to the manner of disafforesting and transferring to the Revenue Department lands required permanently for cultivation. It is not, apparently, a provision for giving away lands, on permanent basis after initially giving them on lease. 33

7. The entire question of the Hangami Lagan System, its validity in the present set up of the Mysore Forest Act and Rules, and the desirability or otherwise of its being continued will have to be examined in greater detail. Meanwhile, it is proposed to issue an order withdrawing the earlier orders (Flag 'A') which authorised the C.C.F. to lease forest land temporarily for growing more food crops, as that particular contingency no longer exists. Instructions may also be issued to discontinue all further sanctions of temporary leases for cultivation, until this matter is settled. 34

8. In this particular case, an official of the Forest Department has obtained forest land on lease under the provisions of the Bombay Forest Manual in the same area where he was working at the time. No doubt the Revenue Department's G.O. at page 10 CF permits grant of land to Government servants while in service. This relates to grant of revenue land under the Land Grant Rules. Specifically, however, the grant of Forest land on lease to a Forest Department official, while the official had jurisdiction over the said area, is a clear case of official impropriety, liable to severe public criticism. It is for orders if the request of the C.C.F. to grant the land to the lessee be rejected, and he be directed to terminate the lease on expiry of the present term, 35

36) A. Yes. The lease be rejected & the lease be terminated on the expiry of the present lease

37 Action may be taken to reject the request for grant of land already leased out to Shri Haldipur and to terminate the lease after giving him due notice etc. and to resume the land.

38 Separately, C.C.F. may be requested to report to Government the number of such leases given to officials who are still working in the Forest or any other Government Departments Information may be furnished within a month.

39 C.C.F. may be also requested to stop forthwith the practice of giving Hangami Lagan or any kind of lease to any parties, whether Government officials or private individuals, without specific sanction of Government.

PROCEEDINGS OF THE GOVT. OF MYSORE.

ORDER NO.AFD 300 FGL 70

DATED BANGALORE THE SEPTEMBER 1972.

Read:

1. G.O.No.AFD 115 FGL 65 dated 30th November 1965. p.11/4
2. ~~Read~~ correspondence ending with letter numbers B3/46/GFL/1191/70-71 dated 1st May 1972 from the C.C.F.(G1). p.62/4

Preamble:

Large area of forest land has been ~~re~~leased on Hangami ~~leases~~ basis in small ~~xx~~ bits for purposes of cultivation. Hangami leases of forest lands were given in pursuance of the Government policy ~~for~~ to increas~~ing~~ ~~the~~ food production. Government however, had no intention to permanently dispose of such forest lands for cultivation. With this view in mind, Government has reconsider~~ed~~ the policy of ~~re~~leasing the forest land for cultivation on Hangami leases.

ORDER.

~~On reconsideration of the policy of Government for~~ ~~leasing the land on Hangami basis for cultivation~~, Government ha~~s~~ decided that ~~all~~ the forest lands that have been given on Hangami leases for cultivation, ~~may be for~~ on annual lease basis or on lease~~s~~ for a number of years, may be taken back to Government for purposes of afforestation work. But it would be of no use ~~for~~ if the lands so leased are resumed ~~and~~ but kept without ~~afforestation~~ being afforested ~~work~~. ~~hitherto~~ either Government ~~in the Forest Department~~ or to the lease holder. It is therefore, directed that the C.C.F. should decide on expiry of the present lease period~~s~~, ~~to~~ as to which land

p.t.o.

should be resumed for afforestation work in the light of the implementation of the Working Plans Programme and resume such lands as could be ~~immediately subjected to afforestation work~~ afforested on his own authority if the land is released by him or submit proposals to Government if the lease has been granted under the Government order. Subject to this, the C.C.F. may continue leases on kangani basis

By Order and in the name of the

Dear Sri Krishnamurthy

Sub:-Disafforestation of land in F.S.No.4 of Gangenhal of Kakti Range - Detailsof the existing leases on H.L.Basis.

Please refer to your D.O.letter No.AFD-300-FGL-70 Dated 14/15-12-1971 on the subject.

Information called for in Government letter No. AFD-300-FGL-70 Dated 6-10-1971 in respect of Belgaum Circle is submitted herewith in the enclosed statement. Information in respect of Kanara Circle is yet awaited and I am separately expediting the Conservator of Forests, Kanara Circle, Dharwar for furnishing the same immediately, and on receipt of particulars, I shall revert to the subject again.

AMD 300 FGL 70.

Dear Sri Subbayya,

Sub: Disafforestation of land in R.F.No.4 of Gangenhal of Kakti Range - Details of the existing leases on U.L.Basis.

Ref: Your D.O.letter No.RS/SS/FTL/1191/70-71 (ii) dated 13-11-1971, addressed to Conservator of Forests, Belgaum & Dharwar and copy to Government.

With reference to the subject and reference noted above I am directed to bring to your notice that it is more than two months since particulars have been called for regarding the existing temporary leases on the General Lease basis vide Government Order No.AMD 300 FGL 70 dated 6-10-1971, on top priority basis fixing up the maximum time limit of one month from the date of issue of this letter (i.e. 6-10-1971). However, it is rather strange to note that even after the lapse of more than two months the information called for has not been received in its entirety in respect of Belgaum Circle and no information is forth-coming at all from Kanara Circle, Dharwar except an interim reply that the information is not readily available and would be collected and sent.

This evidently indicates that the officers concerns have not realised the urgency of the matter and the information called for could have been collected by deputing a person to the various division offices and collected.

Hence, I am writing this to impress upon you the urgency of the matter so that the Conservators concerned may arrange to submit the information called for by taking personal interest in the matter on top-priority basis as a time bound programme. You may also make it clear to them that beyond a stipulated time limit, they will be personally held responsible.

Yours sincerely,

329. Giving out forest land for cultivation or for in forest settlement - (a) that Forest Department may give out the land in its charge on a temporary lease for cultivation or for in-forest settlement for the purpose of forest conservancy, but the forest land shall be disafforested and then be surrendered to the Revenue Department if the officers of both the Forest and Revenue Departments are satisfied that--

(i) the land is required for permanent cultivation, and

(ii) the disafforestatment does not tend to the boney-combing of the forest area to the creation of awkward boundaries.

These orders do not apply to the forest areas which are already subject to special orders on the subject.

(R. 9002/24 of 28-3-1930).

(b) So long as land remains in charge of the Forest Department it is for the Forest Department and not for the Revenue Department to give it out for cultivation. When forest land is in charge of the Revenue Department is should not be given out permanently in anticipation of disafforestation without the orders of Government.

Forests lands.
Grant of for cultivation of food crops in connectiom with the "Grow More Food" campaign.

Government of Bombay.
Reconstruction Department
Resolution No.856

Bombay Castle 6th May 1946.

Letter from the Chief Conservator of Forests, No.23/5616 dated the 18th February 1946:-

"In view of the food crisis I want to ask Conservators to get as much forest lands as possible under cultivation for food crops under the Agri-Silvi system and request Government to give its approval in a recent note Government rules that demands for forest land for various purposes should not be sanctioned, whatever the priority, without specific reference to Government.

"2. The Agri-Silvi system permits cultivation in wide strips between rows of forest trees specifies raised at the same time and cared for by the cultivator in return for the food crop he raises.

Lands to be given out will be fairly f-lat lands suitable for cultivation and not carrying valuable forest growth.

"3. The grant of forest land under the Agri-Silvi system, while providing more land for food crops will be again to Government in the long run a more valuable tree cropbeing raised atno cost.

"4. Leases will be renewed annually for a period of 5 years when the tree crop will have been carried over danger of damage by brousers and fresh plots of land could be taken up by the cultivators if the urgency of growing more food still exists.

"5.A Condition will be that ploughing and the sowing of forest species must be along the contour and gullies must be plugged. The Forest Department has no staff to bund any such lands beforehand and it is doubtful if cultivators could be found to take lands for cultivation if they are required first to bund the lands. For most forest land of the type proposed which are suitable for ploughing and cultivation, the conditionmentioned above will be sufficient protection of the soil.

"6. Very early approval is requested.There is little time to make arrangements and to secure cultivators".

Letter from the Director of Agriculture No.S.205(Fam) dated the 16th March 1946.

"Reference Government endorsement, Reconstruction Department, No.7133/39-5026-B dated 13th March 1946.

I think that the proposal of the Chief Conservator of Forests to expand to the fullest extent crop cultivation under the "Agri-Silvi" system in reserved fore-sts is most desirable in the present food emergency. I have no remarks to make on his suggestion for 5 year leases,. Such leases areas should be devoted to food crops only. It is certainly desirable that cultivation on agri-silvi areas should be along the contours but, to begin with, at least I do not think it desirable to insist upon the participating cultivators doing

gully plougging as, to be rearlly affective, such work requires expert planning and supervision. If this can be given by the officers of the Forest Department concerned, so much the better. I cannot offer assistance from the staff of the Land Improvement Department as they are fully occupied with famine bunding works and could not supervise or assist in gully plugging etc in scattered agri-silvi areas".

Resolution:- In furtherance of the "Grow More Food" Campaign Government approves of the Chief Conservator of Forests's proposals for getting as much forest land as possible under cultivation for food crops under the Agri-Silvi system. The Conservators of Forests should sanction leases of suitable lands in their circles to cultivators only after ascertaining that no forest area which requires treatment by way of gully plugging is leased out. The leases should be granted on the condition that only food crops are grown and they should be renewed annually.

Resolution: In supersessi n of the orders quoted above, Government is pleased to lay down the following principals for grant of forest lands for cultivation, of food crops,on agri-silvi terms in connection with the grow more food campaign:

(1) Forest lands suitable for trees planting should be leased on eksali basis for cultivation of food crops on agri-silvi terms.

(2) The agri-silvi terms should not apply to forest lands to be leased purely for rise cultivation.

(3) Forest lands not suitable for tree planting should be leased for cultivation either on eksali or permanent basis, as usual, i.e. in accordance with the rules and orders issued by Government regarding the grant of forest land for cultivation.

(4) No distinction should be made between individual cultivators and Sarvodaya agencies or joint farming Societies, so far as the system of lease is concerned.

(5) These orders do not affect the normal procedure in respect of grant of forest lands laid down in the Bombay Forest Manual or the Thana Woodland Code.

(6) Forest lands which have already been givenout for cultivation on usual terms, other than agri-silvi terms, should not be resumed until further orders.

Forest land
General Policy regarding gran
of for cultivation etc.

Government of Bombay
Agriculture and Forests Department,
Resolution No.FDM 1054
Bombay Castle, 8th July 1954.

Read:- Government Resolution, No.3781, dated the 11th October 1950.

Resolution:- In pursuance of the 'NationalForest Policy' declared by the Government of India, in May 1952, it has been held that the indiscriminate extension of agriculture and consequent destruction of forests have not only deprived of the local population of fuel and timber, but have also stripped the land of its natural defences against dust-storms, hot desiccating wind and erosion, and has resulted in general deterioration of physical conditions to the deteriment of national interests. The role of forests in the national economy, both protective and productive, entitles forests to lay claim to an adequate share of land. The correct solution of the land problem is to evolve a system of balanced and complementary land use, under which each type of land is allotted to that form of use under which it would produce most, and deteriorate least. While the proportion of land to be kept permanently under forests would naturally vary in different regions, practical consideration suggests that it would be beneficial to maintain one third of the total ~~xxxx~~ land area under forests as the percentage of land under forestwill have to be in mountainous tracts liable to erosion. The percentage of forest area in Bombay State is only 17 percent of the total area. Hence it will not only be necessary to be most conservative in disforesting existing forestareas for purposes of cultivation, but afforestation of fresh areas will have to be undertaken as far as finances would permit.

2. With a view to bring the Government policy in giving forest lands for cultivation in time with the broad principles of the National Forest policy referred to above Government has decided that the orders issued in Government Resolution, No.3781, dated the 11th October1950 should be cancelled and the following principles should be observed with regard to grant of land from forests for cultivation.

i) Forest lands should be given for purposes of new gaothans or extending gaothans and for buildings for public use burial and buring grounds provided no non-forest area belonging to Government, which would be equally suitable is available.

ii) Lands out of established forests will be given out for cultivation only in a very few exceptional cases All such cases even for temporary cultivation- should be referred to Govt.for orders by the Forest Department.

iii) Forest lands can be regenerated through ~~xxxxxx~~ agri-silvi methods only in such cases where the Chief Conservator of Forests personally feels that the method would be successful. In view of the fact that large areas of forest lands have been permanently lost by carele-ss leasing of the lands on agri-silvi system and non-enforcement of the conditions, the Chief Conservator of Forests, should exercise great care in permittigg the employment of agri-silvi methods for regeneration of forests.

iv) In all lands leased on the agri-silvi terms in ~~xxxxxx~~ whateveryear it was leased the Forest Department shouldnow enforce strictly the agri-silvicultural conditions and see that the area is afforested.

v) All lands out of forest areas leased temporarily for cultivation should be examined by the Forest Department and reported to Govt.as to whether the lands have been properly brought under cultivation, how much expenditure has been incurred by the leasee on the improvement of thelands and whether the terms of the lease have been followed by the leasee. Government would scrutinised all such cases and issue orders either to withdraw the land or to grant it on a permanent basis.

3. The above orders should be applied to the whole of the Bombay State, except the Kanara and the Dangs Districts orders regarding which willbe issued separately.

By order and in the name of the Governor of Bombay.

PROCEEDINGS OF THE GOVERNMENT OF MYSORE

ORDER NO. AFD 115 FGL 65,

BANGALORE DATED THE 30TH NOVEMBER 1965

PREAMBLE:

The Chief Conservator of Forests has reported to Government that it would be possible to allot small patches of forest lands for cultivation purposes, where some food crops could be raised to tide over the present scarcity conditions.

O R D E R

Government are pleased to authorise the Chief Conservator of Forests to allot within the State Forests, where water is available and where there is no tree growth, small patches of cultivable lands, for raising food crops.

2. The lands shall be released purely as a temporary measures to grow food crops. It should be seen that no squatting takes place on the lands allotted.

3. The Applications for lands for this purpose, may be sent direct to the Chief Conservator of Forests who shall decide on each case.

By Order and in the name of the
Governor of Mysore,

CIRCULAR

According to Circular No. RD 39 LGU 58, dt. 11th September, 1958, grant of lands to Government servants is prohibited unless they are due to retire within one year, such grant being subject to the condition that the grantee lives near the land and brings it under cultivation within one year.

Representations have been made to Government that this Circular is causing hardship to Government servants particularly to such of the Political Sufferers who have subsequently joined Government service as they are not eligible for grant of land permissible to Political Sufferers under the Rules. Under the revised Land Grant Rules "personal cultivation" includes cultivation of the land on one's own account by the labour of any member of one's family.

Government, therefore, direct that in supersession of the circular dated 11th September 1958, referred to above, persons including Political Sufferers who are in Government service be granted lands for personal cultivation under the land grant rules.

The petitioner Shri K.G.Haldipur was due to retire on superannuation on 17-3-1969. Due to his selection to I.F.S. Cadre his term was extended and subsequent to IFS List getting quashed, he retired on 31-3-1970. Grant of lands to persons while in service is permissible vide Government Order No RD 142 LAD 60 dated 28-12-1960.

2. Under the revised land grant rules "personal cultivation" includes cultivation of the land on one's own account by the labour or any member of one's family.

3. In view of these ~~and as~~ ordinances, the grant made appears to be in order.

4. The petitioner has developed the area investing lot of money He intends to avail of the benefit of financial help to fully develop the area. His request to assign the land after disforestment needs reconsideration.

5. It is not only in the case of Sri Haldipur but there are large areas leased out to a number of persons in the Belgaum and Kanara Circles under the Rules on the HL basis. They have invested the money to develop the area and not renewing at this stage or permanently assigning them now after development, would create a problem and is a matter of policy decision to be taken by Government.

The records are resubmitted herewith.

Subject:- Disforestment of land in F.S.No.4 of Gangenhal in Kakti Range.

No.FCP/GFL/961-275-64-65
Belgaum, July 1970.

To

The Conservator of Forests,
Belgaum Circle,
Belgaum.

Sir,

In submitting herewith application dated 5.6.70 received from Shri K.G.Haldipur, Retired Divisional Forest Officer, requesting for disforestment of the above said area, I have to state as under:-

Shri Haldipur has been granted an area of 10 Acres out of F.S.No.4 of Gangenhal on H.L.for a period of 3 years in the first instance as per Chief Conservator of Forests in Mysore,Bangalore's No.B3-GFL-2-65-68 dated 27.4.1965. Shri Haldipur has executed the H.L.lease agreement on 24.7.1965 with the period upto 24.7.1968. The period of the lease has again been extended upto 24.7.1969 as per C.C.F's No.B3-GFL-2-65-66 dated 19.8.1968.

The lessee has developed the area and has brought the entire area of 10 acres under plough after spending considerable amount in improving the area granted to him. He has been paying the H.L.assessment regularly and he has fulfilled the H.L.conditions.

Under the circumstances it is recommended that the area of 10 acres of land out of F.S.No.4 of Gangenhal may kindly be disforested and granted to Shri K.G.Haldipur, retired,Divisional Forest Officer,

Correspondence pages 1 to 5 are submitted herewith.

Yours faithfully,

P.D. Gaonkar

(P.D.Gaonkar)
Divisional Forest Officer,
